

| Teach Computing Taxonomy |                        |  |
|--------------------------|------------------------|--|
| Abbreviation             | Strand                 | Description  |
| NW                       | Networks               | Understand how networks can be used to retrieve and share information, and how they come with associated risks |
| CM                       | Creating Media         | Select and create a range of media including text, images, sounds, and video                                   |
| DI                       | Data & Information     | Understand how data is stored, organised, and used to represent real-world artefacts and scenarios             |
| DD                       | Design & Development   | Understand the activities involved in planning, creating, and evaluating computing artefacts                   |
| CS                       | Computing Systems      | Understand what a computer is, and how its constituent parts function together as a whole                      |
| IT                       | Impact of Technology   | Understand how individuals, systems, and society as a whole interact with computer systems                     |
| AL                       | Algorithms             | Be able to comprehend, design, create, and evaluate algorithms   |
| PG                       | Programming            | Create software to allow computers to solve problems   |
| ET                       | Effective Use of tools | Use software tools to support computing work   |
| SS                       | Safety & Security      | Understand risks when using technology, and how to protect individuals and systems                             |
